CANCELLED JAZZ festival

See you at the 2022 festival from the 11th – 13th February

After considering the current risks and requirements of holding the 2021 festival, the committee regrets to announce that due to the COVID-19 pandemic, it has had to cancel the 2021 Port Fairy Jazz Festival to ensure the health and safety of its participants and Port Fairy community, and the future viability of the festival.

The committee delayed the calling for band registrations and early bird tickets by a month in the hope that the COVID-19 situation would improve. However, the deterioration in July/August has left the committee with no option, but to now cancel the 2021 festival. It will now investigate how we could facilitate connecting Jazz Lovers, Jazz musicians and their music/stories via our web. The committee will then focus on presenting the 2022 Port Fairy Jazz Festival.

In the meantime, take care.
